

# Loire dry Chenin Blanc

Chenin is a multifaceted grape, thanks to its spread across this valley, and the differing styles made from its various terroirs. And that's what makes it exciting, says Jim Budd

CHENIN BLANC IS undoubtedly the Loire's most fascinating and diverse grape variety, capable of making a remarkable range of styles from bone-dry through to lusciously sweet as well as still and sparkling.

Recent DNA analysis suggests that Chenin is an offspring of Jura's Savagnin and so related to Sauvignon Blanc and Trousseau. The first historical reference to Chenin comes from the 9th century at Bouchemail, the small town at the eastern end of Savennières. Much later, in 1496, some Chenin was planted at Château de Chenonceau in eastern Touraine.

Chenin Blanc is largely confined to Anjou-Saumur and Touraine with outposts in Coteaux du Loir, in particular Jasnières, as well as the Fiefs Vendéens close to the Atlantic Coast. There is now a little planted way south in the Upper Loire in the Roannaise and Forez, where leading producers are experimenting with a range of white grapes. These wines will appear as IGP.

As Chenin is a mid- to late-ripening variety, it is not well suited to the Pays Nantais with its increased chance of wet weather in late September and October. Chenin's eastern limit is around Amboise – spring arrives 10 to 14 days later here than it does in Anjou due to the distance from the Atlantic, thus it is hard to get Chenin to ripen properly here. Instead Sauvignon Blanc is largely the chosen white variety in the Loire's eastern part.

Apart from the schist and slate of Anjou, Loire Chenin does best planted on limestone – the bedrock from Saumur eastwards. Chenin from limestone tends to have slightly higher acidity than those from Anjou.

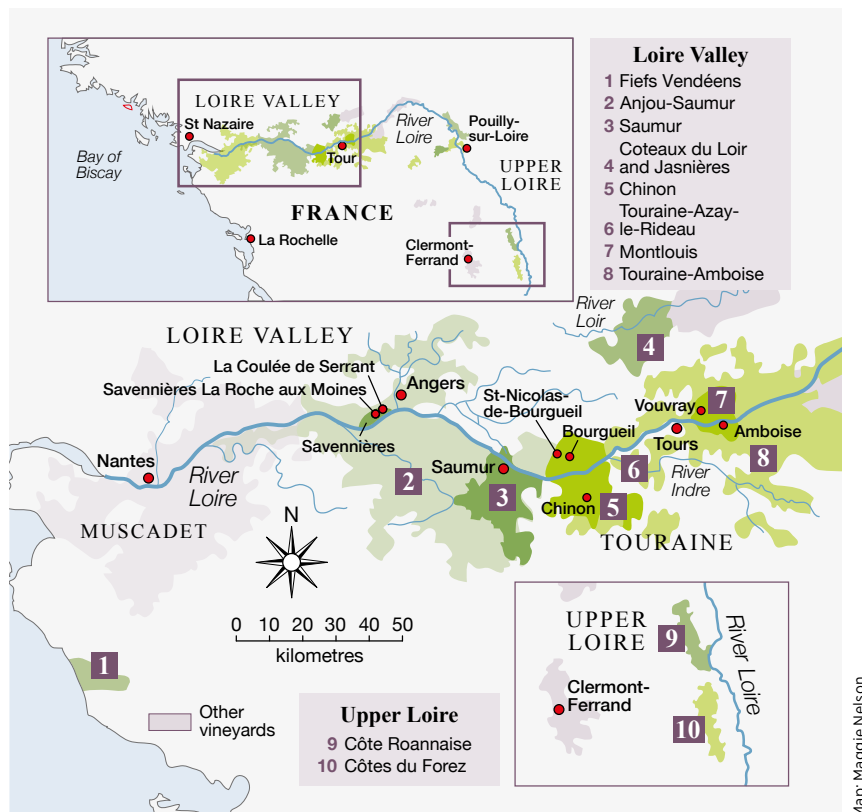

## Oak and wine ageing

While there is a tradition in Vouvray and elsewhere in the Loire for fermenting and ageing wines in old wood, increasingly top Loire Chenin Blanc producers use newer wood, usually with a small proportion of new oak. There is a tendency to use 400-, 500- and 600-litre barrels with a medium toast rather than 225- or 228-litre barriques, so as to lessen oak flavour. There are also limited experiments using amphorae and concrete eggs.

Sweet Loire Chenin can be almost immortal, especially in great vintages. Dry Loire Chenin can also age brilliantly, although the opportunities to taste these older wines are considerably less than their sweet counterparts as there is less of a tradition – apart from in Vouvray and Savennières – of ageing dry wines. However, dry Vouvrays that are 40 years old or more are still certainly drinkable and enjoyable.

It is worth considering decanting Loire Chenin Blanc, especially from a recent vintage or if the wine appears closed. Also they should not be served too cold, otherwise their complexity will be masked.

## Loire Chenin Blanc: know your vintages

**2016** April frost, complicated year, good autumn means fine wines in tiny quantities. Too early to assess.

**2015** Good vintage despite September rain. Rounder wines than '14. Drink 2017-2035

**2014** Very good vintage saved by hot September. Classic wines with high acidity. 2018-2050.

**2013** Late, small vintage saved by hot summer. Lean wines that may be ageing quickly. 2017-2025

**2012** April frost, small vintage, good wines with quite high acidity. 2017-2030

**2011** Early vintage, rot a problem. Drink these before your 2008s and 2010s.

**2010** Long, hot autumn. Classic, with higher acidity than '09.

**2009** Hot year, rich wines. Not as ageworthy as '08 or '10. 2017-2030.

**2008** Saved by Indian summer. Precise, balanced and long lived. 2017-2040

# The results

There’s a Loire Chenin for everyone, said our panel, impressed with the diversity, quality and great value on offer from this regional tasting. Christelle Guibert reports

WITH SUCH A large and diverse selection of dry Chenins from across the Loire, our experts were set for a fascinating tasting. They found some great, some good and some less-good wines but still, with 67% Recommended or more – and very few priced above £25 – they left very satisfied with the level of quality on offer.

The tasters didn’t agree on any one appellation standing head and shoulders above the rest; instead they found a spread of quality within each. Ben Llewelyn acknowledged ‘how reassuring it is that Chenin, which has its own unique characteristics, is also quite an egotistical grape variety: it saps up its place and terroir’.

Our experts found Anjou gave a richer style of Chenin with notes of baked apple, while Saumur was racier with fresh, limey, mineral notes. Chinon emerged as a great surprise, as Chris Kissack explained: ‘It’s not the first appellation you’d go to for whites, but some wines were really attractive – right up there at the top of the pile.’ Ben Llewelyn agreed: ‘The wines were fantastic, no messing around, just drinkability, class and real interest.’

Montlouis was another highlight and the panel found more charm here than in its neighbouring appellation of Vouvray. Savennières, the king of Chenin Blanc, was probably the most diverse in terms of quality. Kissack noted that ‘some wines had bright fruit, nice structure and fresh acidity, which seemed true to the appellation, but others showed an oxidised style that lacked purity’.

As for the seven Vin de France entries, Jim Budd said: ‘Our top wines could have potentially come from this category as some of the most interesting producers also make a Vin de France. However, these wines are often produced in tiny quantities and hard to get hold of, which probably explains why we had so few represented here.’

Budd was pleased that Chenin finally has the recognition among consumers it deserves, admitting this is partly due to South Africa: ‘The Cape has played the

**‘Where the Loire wins every time is in its synergy of the grape and the terroir’** Ben Llewelyn

Chenin Blanc card and if the Loire is wise, it will jump on that bandwagon.’ But Llewelyn disagreed: ‘South Africa has taken Chenin and made a particular style of wine, which it presents beautifully. Where the Loire wins every time though is in its synergy of the grape and the terroir. The Loire is not just Chenin Blanc – it’s Vouvray, Savennières, Montlouis etc, and that’s so important.’

As you’d expect, there was vintage diversity, with the 2015s and 2014s (which dominated the tasting) showing best. ‘Both vintages were very good across much of the Loire, but very different in style,’ said Kissack. ‘2014 was fresher and tougher with more acidity, energy and life, while 2015 was richer with more exotic fruit character.’ Budd found some of the 2013s to be ageing very quickly but said the best of these and other vintages still had ‘terrific ageing ability – at least 20 to 30 years, with some being virtually immortal’.

The panel also found broad winemaking differences, as Llewelyn explained: ‘Like anywhere, some producers want to be more progressive and others stick to traditional routes; there were some biodynamic styles, and others that were straight and classic. While this makes buying wine confusing for the general consumer, it makes it fascinating to an interested wine lover as there are so many different styles.’ Llewelyn suggested *Decanter* readers look at ‘the inherent characters of each of these Chenin appellations, and then at the producers within them that match your taste – whether that be biodynamic, oxidative styles or lean, taut and precise wines. There’s something for everyone here.’

## Château de Passavant, Jarret de Montchenin, Anjou 2014

*Decanter* average score: 95/100pts **Individual judges’ scores:** Jim Budd 95 Chris Kissack 95 Ben Llewelyn 95

**£20** Appellation Nation  
Château de Passavant is a family-owned estate in the upper Layon Valley. This part of the Layon is flat and pastoral – quite different from the steep slopes of the better-known lower Layon. Owned by the same family for four generations, Passavant became organic in 1998 and in 2011 moved to being biodynamic. Jarret is a selection of the best

Chenin Blanc, fermented and aged in 450-litre oak barrels (20% new) for 12 months. Passavant has an enviable reputation for its well-made but not flashy wines.

**Jim Budd** Toasty oak on the nose leads through to precise, ripe fruit on the palate. With time this will integrate into a real stunner; the fruit and texture will stand up extremely well. Lovely balance.

**Chris Kissack** Oak-rich aromas flow onto a palate that is concentrated, long, honeyed and textural, with a really glossy polish to the fruit. All white peach, orange zest and matchstick reduction. It is an Anjou for the cellar rather than the table, but it should be super given time.

**Ben Llewelyn** There’s a lovely nature to this wine: a well-defined nose followed by acid freshness and fruit concentration. It finishes in a classy style and has all the hallmarks of a great, long-lived Anjou. Open and very attractive.

## Château de Targé, Les Fresnettes, Saumur 2015

**94 JB 92 CK 94 BL 95**  
**£18** Swig  
A really fascinating nose of lime leaf, polished citrus fruit and white peach that has great elegance infused with greengage and wild flowers. There is plenty of alcohol here but with impressive, pithy substance which is set up very well for the cellar. **Drink** 2017–2025 **Alc** 14.6%

## Chanson Ludovic, Les Cabotines, Montlouis-sur-Loire 2015

**93 JB 94 CK 90 BL 94**  
**£20** POA Carte Blanche  
Light notes of lavender, honeysuckle and apricots unfold onto an intense palate in a pretty and perfumed style with baked apple and biscuit notes. There is a confident Chenin Blanc pith and a breezy, interesting finish. **Drink** 2017–2030 **Alc** 12.5%

## Couly-Dutheil, Les Chanteaux, Chinon 2015

**93 JB 91 CK 95 BL 92**  
**£10.50** Georges Barbier, Thorman Hunt  
Enticing aromas of ripe pear, chalk and minerals. The flavours show the same confidence with a touch of ginger spice and honey in a supple, energetic, style with stony depth. An engaging wine full of charm and seductive balance. **Drink** 2017–2020 **Alc** 13.5%

**Frédéric Mabileau, Chenin du Puy, Saumur 2014**  
90 JB 91 CK 90 BL 90  
£18 The Wine Society  
Very bright floral nose that is a little light on concentration but still pretty and bolstered by a touch of sweetness. Quince and peach fruit make a harmonious duo with delicate apricot and crushed minerals. **Drink** 2017-2024 **Alc** 12.5%

**Jean-Noël Millon, La Source du Ruault, La Coulée d'Aunis, Saumur 2014**  
90 JB 90 CK 88 BL 92  
N/A UK +33 (0)2 41 52 93 80  
A racy example from Saumur with some vanilla and wood notes coming through, plus a touch of honey and lime fruit. It is a little austere but promising, so needs some time in the cellar. **Drink** 2017-2028 **Alc** 13%

**Le Pas St-Martin, Le Vent Dans Les Saules, Anjou 2015**  
90 JB 89 CK 93 BL 88  
N/A UK [www.lepassaintmartin.fr](http://www.lepassaintmartin.fr)  
A round, soft style with notes of polished pear skin and expressive peach, giving a silky honeyed mouthful. It is supple, easily melding the acidity with a touch of sweetness and an energetic finish. **Drink** 2017-2021 **Alc** 13.5%

**Manoir de la Tête Rouge, Chapitre, Saumur 2012**  
90 JB 91 CK 87 BL 91  
POA Carte Blanche  
This has a creamy nose like rice pudding with some oak-derived spice. The palate is kept together by well-formed fruit and fine lemony acidity. A wine to enjoy now. **Drink** 2017-2018 **Alc** 13%

**Nicolas Grosbois & Philippe Mesnier, Clos des Blancs, Touraine Azay-le-Rideau 2014**  
90 JB 88 CK 90 BL 92  
N/A UK [www.domainegrosbois.fr](http://www.domainegrosbois.fr)  
An interesting wine. Exotic aromas of ripe fruit and citrus edges. The palate is well formed and balanced – the oak still needs to resolve and the lees to integrate, but there is real charm here. **Drink** 2017-2020 **Alc** 12.5%

**Thibaud Boudignon, Anjou 2014**  
90 JB 93 CK 85 BL 91  
£23.50 Justerini & Brooks  
An amazing nose of violet and lavender which, added to some red cherry fruit, finds its way on to the palate too. Pine needles and clove join in with a tart flash, while the finish is acid-washed and has razor-like precision. **Drink** 2018-2030 **Alc** 13%

## Jim Budd

A positive tasting that showed off the terroir-driven nature of Loire Chenin Blanc and its differing styles, with Anjou, particularly Savennières, the standouts

Jim Budd, the DWWA Regional Chair for Loire, writes award-winning blog [jimsloire.blogspot.com](http://jimsloire.blogspot.com)

WITH 169 WINES entered, we had the opportunity to assess Chenin Blanc from across the Loire. It was also very positive that there was such a good entry despite the recent short vintages and the effects of 2016's late April frost on stock. Results are rather mixed, with a number of very good wines but only one Outstanding one. It would have been nice to have had more Highly Recommended wines. Sadly 11 were Poor or Faulty. Almost all the wines entered came from the fine 2014 and 2015 vintages. With its higher acidity, 2014 is more a year for Loire aficionados, while the softer 2015s may well have broader

appeal. Of our top 49 wines, 21 came from 2014 and 26 from 2015 – a pretty even split. It will be fascinating to see how these two vintages age. My hunch is that 2014 will last longer. There were not enough 2013s and '12s entered to draw any real conclusions, except that the few 2013s we tasted were ageing quickly.

Our tasting demonstrated that Chenin Blanc in the Loire has a keen sense of place, with the styles of wine markedly different. Jasnières, for example, is more austere and racy than the rounder Anjou Chenins. Our top 49 wines show a wide spread of regions, with 13 different appellations along with one Vin de France. Anjou, with 12 wines, was easily the standout region, greatly assisted by 10 Savennières in that top 49, which made this AP the most successful, underlining its reputation for making the finest Loire Chenin. Domaine des Baumard's Clos du Papillon 2007 is a pointer to Savennières' ageing potential. Coulée de Serrant from biodynamic champion Nicolas Joly in Savennières remains a controversial wine. His 2014 (which scored an average 86 points) divided the panel with scores of 93, 79 and 86. Château de Passavant gets less media attention than some more high-profile Loire Chenin producers, so it is good to see its 2014 Jarret de Monchenin emerging as our only Outstanding wine. Montlouis had four in our top 49, again pointing out the dynamism of this small appellation. By contrast Vouvray, its much larger cousin, only had three – including one from Foreau – long one of that appellation's best producers. There would have been four Vouvrais but for the ludicrous rule that bars François Chidaine from using the Vouvray appellation because he vinifies in neighbouring Montlouis. Ironically, his Vin de France-labelled Baudoin cuvée comes from one of Vouvray's most famous sites. **D**

### Jim Budd

■ **Domaine Ogereau, L'Enthousiasme, Savennières 2014** I discovered this estate in 1990 when Vincent and Catherine were part of the new generation restoring Anjou. Now their son Emmanuel is taking it to the next level. This is brilliant: austere but with rich fruit. **97 Drink** 2017-2030  
■ **Eddy & Mileine Oosterlinck, Domaine de Juchepie, Le Clos de Juchepie, Anjou 2014** This Belgian couple moved to Anjou in 2001. Best known for their sweet wines, they also make interesting dry whites. Le Clos has rich texture, power and length balanced with '14's racy acidity. **96 Drink** 2017-2031  
■ **Château de Passavant, Jarret de Montchenin, Anjou 2014** I have long admired this property, now run by Oliver Lecomte, the fourth generation of his family to own Passavant. It needs more time to show its best. **95 Drink** 2018-2027

NB: the tasters' top wines are not necessarily their top-scoring, rather those which, on learning the wines' identity, they feel are the most notable given their provenance, price or other factors

### Chris Kissack

■ **Michel Chevré, Clos de L'Ecotard, Saumur 2015** A little-known, underrated domaine run by Chevré, who often works with his friend Thierry Germain of Domaine des Roches Neuves. I loved the energy and vibrancy here. **94 Drink** 2017-2020  
■ **Eric Nicolas, Domaine de Bellivière, Vieilles Vignes Eparses, Coteaux du Loir 2014** Nicolas is one of the most talented vigneron in the Loire, so it was no surprise to see his other 2014 Calligramme also ranked highly. But I liked this just as much, and it is a bit cheaper. **94 Drink** 2017-2025  
■ **Château Pierre Bise, Savennières-Roche aux Moines 2014** Claude Papin is a master of Chenin, and of Savennières, and this cuvée, from the hallowed Roches aux Moines vineyard which has its own AC, is perhaps his greatest dry white. I loved it! **93 Drink** 2017-2025

■ **Eric Nicolas, Domaine de Bellivière, Calligramme, Jasnières 2014** What a wine! Calligrame is a parcel selection of 55-year-old vines from flinty clay soil on limestone and is naturally fermented in old wood. This will age but is so utterly delicious now it would be hard to leave it. **94 Drink** 2017-2030  
■ **Nicolas Joly, Savennières-Coulée de Serrant, 2014** Joly has been one of the mainstays of the biodynamic movement and a godfather to the natural winemakers of today. This split us as judges but for me it was fascinating and carried so much energy and detail that it could not be ignored. **93 Drink** 2017-2032  
■ **Clos de L'Elu, Ephata, Anjou 2014** Charlotte and Thomas Carsin started here in 2008 and work several old plots – this one over 60 years old, planted on sandy shale. It's one of Anjou's most exciting estates and this wine exudes the charm of Chenin. **92 Drink** 2017-2020
